"The Red Symphony" -- Cabalism (Communism, Satanism) is the Real Virus

September 25, 2023

(left, Christian Rakovsky with Leon Trotsky c. 1924. Trotsky, an agent of the Cabalist Jewish central bankers was supposed to succeed Lenin but Stalin beat him to it.)

A 1938 Stalinist police interrogation of Christian G. Rakovsky, (http://en.wikipedia.org/wiki/Christian_Rakovsky) 65, a founder of the Communist International, laid bare the Masonic Jewish banker plot for world tyranny, i.e. the New World Order.

The 50-page transcript of his interrogation dubbed *The Red Symphony* was not meant to become public. The transcriber made an unauthorized carbon.

This is perhaps the most explosive political document in modern history. It reveals why the Illuminati created Hitler and then sought to destroy him, and why Stalin made a pact with Hitler in 1939.

***The Red Symphony* confirmed that we gave our national credit cards to bankers whose goal was world Communism (https://henrymakow.com/what_is_communism.html) . (https://henrymakow.com/what_is_communism.html) "The**

'revolutionary movement' enlisted support by pretending to serve mankind's collective ideals. The real aim, however, is to give unlimited power to the Masonic Jewish central bankers. "Revolution" really means, "overturning" (destroying) Western civilization, and substituting Satan for God. This is Agenda 2030.

Christian Rakovsky (http://www.spartacus.schoolnet.co.uk/RUSrakovsky.htm) was a veteran Communist insider facing execution for plotting to overthrow Stalin. Born Chaim Rakover in 1873, he studied medicine in France before becoming a revolutionary. He was the leader of a terror group that attacked government officials.

In 1919, Lenin put him in charge of the Soviet Ukraine government. He retained the territory for the Bolsheviks during the Civil War (https://en.wikipedia.org/wiki/Russian_Civil_War) 1917-1922. Stalin appointed him Russian ambassador to Paris in 1925.

Rakovsky belonged to the powerful Trotskyite faction that took their orders from the Rothschilds. Many belonging to this group were shot in Stalin's 1937 Communist Party purge.

MIDNIGHT INTERROGATION

The circumstances of the midnight interrogation on Jan. 26, 1938, were very dramatic.

What could Rakovsky possibly say to save his life?

Rakovsky appears to use the tactic of "deceiving with the truth." He wins trust by revealing the truth but leaves some out. He impresses his interrogator that he and Trotsky represent an invincible power he calls the *"Capitalist-Communist Financial International."*

"Christianity is our only real enemy since all the political and economic phenomena of the bourgeois states are only its consequences," Rakovsky, says. (All page citations from Griffin, *Fourth Reich of the Rich,* 1988, p. 264)

Peace is "counter-revolutionary" since it is war that paves the way for revolution.

Rakovsky, whose tongue was loosened by a mild inebriate in his wine, refers to the Illuminati as "they" or "them." He is a member although not part of the inner circle.

He explains that the "Illuminati" is a Masonic secret society dedicated to Communism. Significantly, its founder Adam Weishaupt took the name from "the second anti-Christian conspiracy of that era, Gnosticism." (249)

HOW THIS GRIPPING ACCOUNT SURFACED

The interrogator was one of Stalin's cleverest agents, Gavril Kus'min known as "Gabriel."

Apart from a sound technician, doctor Jose Landowsky was the only other person present.

Conscripted by the NKVD to help "loosen the tongues of detainees," Dr. Landowsky was sickened by the many tortures he witnessed.

The interrogation of Rakovsky, however, was cordial. Dr. Landowsky doubts if the mild euphoric had much effect.

The interrogation, conducted in French lasted from midnight until 7 a.m. Afterward, Kus'min ordered Landowsky to translate the interview into Russian and make two copies.

The content was so mind-boggling that Landowsky made an additional carbon for himself. "I am not sorry that I had the courage for this," he wrote. (279) The Bolsheviks had shot Landowsky's father, a Tsarist colonel, during the 1917 revolution.

A Spanish Fascist volunteer later found the manuscript on Landowsky's dead body in a hut on the Petrograd front during World War Two. He took it back to Spain where it was published as *"Sinfonia en Rojo Mayo."* in 1949.

The complete text (http://mailstar.net/red-symphony.html) of "The Red Symphony" was put online by Peter Myers.

The transcript was published in English in 1968 as *"The Red Symphony: X-Ray of Revolution."*

REVELATIONS

Rakovsky gives his interrogator an astonishing inside view of modern history in order to prove that the Illuminati control the world.

"Money is the basis of power," Rakovsky says, and the Rothschilds manufacture it thanks to the banking system.

The "Revolutionary Movement" was an attempt by Meyer Rothschild and his allies to protect and extend this monopoly by establishing a totalitarian New World Order.

According to Rakovsky, "The Rothschilds were not the treasurers, but the chiefs of that first secret Communism...Marx and the highest chiefs of the First International ... were controlled by Baron Lionel Rothschild, [1808-1878] whose revolutionary portrait ["Sidonia"] was done by Disraeli the English Premier, who was also his creature, and has been left to us [in Disraeli's novel '*Coningsby*.']" (250)

Lionel's son Nathanael (1840-1915) needed to overthrow the Christian Romanoff Dynasty. Through his agents Jacob Schiff and the Warburg brothers, he financed the Japanese side in the Russo-Japanese War and an unsuccessful insurrection in Moscow in 1905. Then he instigated the First World War (Trotsky was behind the murder of Archduke Ferdinand) and financed the 1917 Bolshevik Revolution. Rakovsky says he was personally involved in the transfer of funds in Stockholm. (251-252)

The Jewish labor movement or "Bund" was Rothschild's instrument. The Bund's "secret faction" infiltrated all the socialist parties in Russia and provided the leadership for the Russian Revolution. Alexander Kerensky, the Menshevik Prime Minister was a secret member. (253)

Leon Trotsky was supposed to become the leader of the USSR. Trotsky, a Jew, married the daughter of one of Rothschild's closest associates, banker Abram Zhivotovsky, and became part of the "clan."

Unfortunately "national" Communists like Lenin (one-quarter Jewish) got in the way. Lenin overruled Trotsky and made peace with Germany (Treaty of Brest Litovsk, 1918.) This was not the Rothschild's plan.

World War I was supposed to end the way the Second World War did. Russia was supposed to overrun Germany in 1918 and assist local "revolutionaries" in establishing a "people's republic."

Trotsky was responsible for an attempt to assassinate Lenin in 1918 but Lenin survived. When Lenin had a stroke in 1922, Trotsky had Levin, Lenin's Jewish doctor, finish him off.

At this critical moment, the unexpected happened. Trotsky got sick and Stalin was able to take power. At this crucial juncture, the Trotskyites pretended to support Stalin and infiltrated his regime in order to sabotage it.

Rakowsky characterizes Stalin as a "Bonapartist," a nationalist as opposed to an International Communist like Trotsky who served the banker agenda.

"He is a killer of the revolution, he does not serve it, but makes use of its service; he represents the most ancient Russian imperialism, just as Napoleon identified himself with the Gauls..." (257)

CONTAINING STALIN

In order to control Stalin, international finance was forced to build up Hitler and the Nazi party. Rakowsky confirms that Jewish financiers backed the Nazis although Hitler supposedly was not aware of this.

"The ambassador Warburg (https://www.savethemales.ca/000369.html) presented himself under a false name and Hitler did not even guess his race... he also lied regarding whose representative he was... Our aim was to provoke a war and Hitler was war...[the Nazis] received...millions of dollars sent to it from Wall Street, and millions of marks from German financiers through Schacht; [providing] the upkeep of the S.A and the S.S. and also the financing of the elections..." (259-260)

Unfortunately for the bankers, Hitler also proved intractable. He started to print his own money!

"He took over for himself the privilege of manufacturing money and not only physical moneys but also financial ones; he took over the untouched machinery of falsification and put it to work for the benefit of the state... Are you capable of imagining what would have come ...if it had infected a number of other states and brought about the creation of a period of autarchy [absolute rule, replacing that of the bankers.] If you can, then imagine its counterrevolutionary functions..." (263)

Hitler had become a bigger threat than Stalin, who had not meddled with money. Rakovsky's present mission was to convince Stalin to make a pact with Hitler and turn Hitler's aggression against the West. The purpose was for Germany and the Western nations to exhaust each other before the second front was opened in the East.

*[*According to Walter Kravitsky, the head of Soviet Military Intelligence in Europe who defected to the West and was later assassinated in 1941, Stalin was determined to make a pact with Hitler as early as 1934. He had no desire to fight the Nazis. Is it possible that Rakovsky and his sponsors did not know this? Kravitsky, *On Stalin's Secret Service (1939)]*

Rakovsky urged the Russians to use the tactic of "deceiving with the truth." The Russians were to impress Hitler with their genuine desire for peace. Hitler was not to suspect that he was being set up for a war on two fronts.

Stalin was given a choice. If he agreed to divide Poland with Hitler, the West would declare war on *only one* aggressor, Germany. If he refused, the bankers would allow Hitler to depose him.

Kus'min demanded some high-level confirmation. Rakovsky told him to see Joseph Davies, the US ambassador in Moscow, a

fellow Freemason, and representative of the International Communist Roosevelt administration.

Someone was sent to Davies who confirmed that "much would be gained" if Rakovsky got an amnesty. On March 2, 1938, a powerful radio message was sent to Moscow in the cipher of its London embassy. *"Amnesty or the Nazi danger will increase,"* it said. Davies attended Rakovsky's trial and gave him a Masonic greeting. On the same day, March 12, 1938, Hitler marched into Austria.

Rakovsky's death sentence was commuted. Some believe he lived out his years under an assumed name. Another source has him shot in 1941.

Secret negotiations were begun with Hitler. The result was the Ribbentrop-Molotov pact signed in August 1939 just one week before the invasion of Poland.

The interrogation seems to have created an accord between Stalin and the Illuminati.

Rakovsky told Kus'min that the Illuminati never take political or financial positions. They use "intermediaries."

"Bankers and politicians are only men of straw.... even though they occupy high places and appear to be authors of the plans which are carried out..." (248-249)

Comments for ""The Red Symphony" -- Cabalism (Communism, Satanism) is the Real Virus "

Richard C said (September 24, 2019):

Obviously the Capintern was already victorious since they were able to develop the Comintern. In retrospect, this game has been over for quite some time

JG said (September 24, 2019):

Let's fast forward to today's Grand Chessboard. Basically a political divide is being made between World Order Communism and Modern Day Israel. Are they two different entities? I think they are. One is a godless state and the other is a theocracy. One will have to give way to the other and it WON'T be Israel.

America is at the center of this divide. Half of Congress supports George Soros and the other half supports Benjamin Netanyahu. One side supports Israeli expansion and the other side supports peace.

President Trump supports Netanyahu and is a defender of Israel but not an aggressor for Israel. This is the right course of action.

Nationalism is still alive in America, China, Russia and Israel, these are today's superpowers. The World Order Communists can't defeat them all.

Linde said (September 24, 2019):

It is good to see this material reprised and expanded. Too many websites committed to the NWO topics focus on the latest outrage. What we need is good political analysis of the â€˜must-knowsâ€™. The Rakovsky Interrogation is definitely one of those.

I believe the Western Companion to the Rakovsky material was the disclosures of the Reece Cmte. 1954. Norman Dodd was the Staff Director of the Congressional Committee to Investigate the Tax-Exempt Foundations Chaired by Congressman Carroll Reece. The report corroborates Rakovsky. The Committee found that (at least) since 1945 the major tax-exempt foundations have been operating to promote an agenda which objective is the creation of a one-world collectivist state , including the Soviet Union, which will be ruled behind the scenes by the interests which control the tax-exempt foundations. The role of these foundations is to engineer the conditions in the US society that would permit the US to be â€˜comfortably mergedâ€™ with the USSR. Implicit, in this disclosure is, of course , that Communism is no more finished than the Soviet has been disbanded. The Soviet (as in the Perestroika Deception outlined by Anatoliy Golitsyn) is at present merely cloaked to West while the wars discussed by Rakovsky and the social engineering discussed by the Reece Cmte. do the work of the preparing for the merger. That is the stage we are in now.

Marcos said (September 24, 2019):

Anyone who's paying attention to the farce of the Climate Change Meeting at the United Nations this week, informally led by a 15-year-old autistic child, has to agree that the plan described by Rakovsky is succeeding beyond his wildest expectations.

Any resistance to it, such as the one displayed by the Brazilian president, will be crushed using lies, propaganda and bribes to traitors.

Tony B said (October 2, 2017):

I re-read all three of these parts of your clear revelation of truth simply explained. They must all be collected in one pamphlet as an entry into the basic truth of how and why the world works as it does.

Your quote of one of the world conspirators that their only enemy is Christianity was originally stated as their only enemy was the Catholic Church, as materialistic Protestantism has been a second home for masons, et al, from its creation.

Your lucid description of the real agenda of the world conspirators also explains exactly why the Vatican II Masonic takeover of the authority of the Catholic Church had to happen before the satanic agenda could be successful. From the first day, the installed masons began the conversion of the Church into just another protestant sect unwilling to follow God's plan of redemption, with the added insanity of being a protest against itself, as it is the ONLY Church created and properly ordered by Jesus Christ, the Son of God Himself; the only true bulwark against satanic conquest of all the earth and its people. True Catholics bailed out of that treasonous cesspool by the millions at that time.

Christ told his followers that the Church would last until the end of the earth (though it has at times been temporarily crippled, both interiorly and exteriorly) therefore the final scenes are not played out and, once again, the masons, as well as their criminal money creator masters, will eventually suffer their just deserts.

In the meantime, Satan is reaping innumerable souls which would not otherwise have been lost, which is the devil's true agenda above that of his cooperating conspirators' agenda of world conquest.
